11/03/2020

A photograph showing a close-up of a concrete wall. A vertical crack runs down the left side of the wall. On top of the wall, there is a pile of dried, brown plant matter, possibly dead leaves or twigs. The wall has a textured, grey appearance. The date "11/03/2020" is printed in orange at the bottom center of the image.

11/03/2020

A photograph of a concrete wall, possibly a retaining wall or foundation, showing signs of weathering and discoloration. The wall is composed of several vertical panels. In the background, there are bare trees and a clear blue sky. The date '11/03/2020' is printed in orange at the bottom center of the image.

11/03/2020

A photograph showing a close-up of a concrete wall. The wall is composed of several horizontal courses of concrete blocks. A prominent vertical crack runs down the center of the wall. To the left, there are some trees and a clear sky. The right side of the image is mostly white, possibly representing a bright background or a shadow. A date stamp '11/03/2020' is visible in the bottom right corner of the photograph.
