

A photograph showing a water main sleeve with a locked cover. The cover is a dark, rectangular metal plate with a diamond-patterned texture, set into a concrete slab. A rusty metal chain is wrapped around the cover, and a red padlock is attached to it. The area is cluttered with dry leaves, twigs, and other debris. A concrete wall is visible to the right of the cover. The text "Water main sleeve / with a locked cover. { NOT ACCESSIBLE }" is overlaid in red on the image.

Water main sleeve / with a locked cover.
{ NOT ACCESSIBLE }
