

A photograph of a road intersection. The road is paved with asphalt and has a white crosswalk line. A double yellow line runs diagonally across the upper part of the image. A significant crack runs vertically through the center of the image, intersecting the white crosswalk line. The crack appears to be a deep groove in the pavement. There are some green plants and weeds in the bottom left and right corners of the image. The date "09/23/2020" is printed in orange text at the bottom center.
