A photograph showing a close-up, low-angle view of a concrete bridge deck. The concrete is dark grey and shows signs of weathering, including some staining and discoloration. A vertical joint or crack runs down the center of the frame. The lighting is somewhat dim, suggesting an overcast day or a shaded area. In the bottom right corner, there is a date stamp in orange text that reads "09/03/2020".

09/03/2020

A photograph showing the underside of a concrete bridge structure. The bridge is composed of several large, rectangular concrete panels separated by expansion joints. The concrete has a mottled, greyish-brown appearance with some darker staining or discoloration. The bridge spans over a body of water, which is visible at the bottom of the frame. On the right side, there are some green plants and trees. A date stamp '09/03/2020' is located at the bottom center of the image.
