

ROAD CLOSED
TO
THRU TRAFFIC

The image shows a road closure setup on a gravel path. A white rectangular sign with a black border and bold black text reads "ROAD CLOSED TO THRU TRAFFIC". The sign is positioned in the foreground, slightly to the left of the center. Behind it are two orange traffic barrels with reflective white stripes. The barrel on the right is taller and has a wider base, while the one on the left is shorter and appears to be a standard size. The path is made of dark gravel and leads towards a bright, overexposed background. To the left of the path is a grassy area with some green plants. The overall scene suggests a temporary road closure for maintenance or safety reasons.
