A photograph of a road surface showing a significant vertical crack. The crack runs from the top of the frame down towards the bottom, passing through a set of double yellow lines. The road is paved with asphalt. At the top of the image, there is a concrete curb and some sparse vegetation. The date '09/01/2020' is printed in orange text at the bottom center of the image.

The image shows the interior of a structure, possibly a tunnel or a large container. The walls are lined with vertical wooden planks. Several horizontal metal beams, likely steel, run across the space. The metal surfaces are heavily rusted, particularly along the edges and in the joints. The lighting is somewhat dim, with a bright spot on the left side. A date stamp is visible in the bottom right corner.
