

A photograph of a roadside area. In the foreground, there is a dense patch of green vegetation, including large-leafed plants and ferns, growing along a gravel or dirt shoulder. To the left, a white concrete guardrail is visible. In the background, a white rectangular sign with black text reads "WEIGHT LIMIT 12 TONS". The sign is positioned next to a wooden utility pole. On the pole, there is a small yellow label that says "CV 20T". To the right of the wooden pole is a silver metal pole. The background is filled with lush green trees and foliage under a clear blue sky. A date stamp "08/22/2012" is located in the bottom right corner of the image.
