

A photograph showing a close-up, slightly high-angle view of a concrete bridge deck. The concrete is light gray and shows signs of wear, including some darker, possibly wet or stained areas. A rusty metal railing runs diagonally across the frame from the bottom left towards the top right. The railing consists of two parallel horizontal bars. To the right of the railing, there is a vertical post and some green foliage. The date '07/24/2020' is printed in orange text at the bottom center of the image.
