

LOOP-8-MILL POND -PH. -4 LOOP-4-2A-N. 8.
PH. -8 LOOP-3-EAST RD. THRU PH. -8

The image shows the interior of an electrical control cabinet. At the top, there are three labels: "LOOP-8-MILL POND -PH. -4", "LOOP-4-2A-N. 8. PH. -8", and "LOOP-3-EAST RD. THRU PH. -8". Below these labels is a large terminal block with many red and blue wires connected to it. In the middle section, there is a rack of modules. From left to right, there are several modules labeled "200" and one labeled "204". A "FLASH TRANSFER RELAY" is also visible. The bottom section contains more wiring, including a "204" module and a "SURGE PROTECTOR".
