OFFICIAL HIGHWAY AND TOURING MAP OF VERMONT

The Green Mountain State

THE 14,007 MILES OF VERMONT'S EXCELLENT HIGHWAY SYSTEMS INCLUDE:

74 miles of completed Interstate Highways,
250 miles of Interstate Highways proposed or under construction,
2,103 miles of scenic, year-round State Highways,
11,580 miles of locally controlled roads, retaining the natural beauty of rural seclusion within short travel distances from major state highways, 4-season recreation areas and busy community centers.

This map shows all Interstate, State and State Aid Highways. Certain Town Highways and recreation roads are also shown to indicate access to diverse points of interest. Many more town and other roads exist, but conditions may vary seasonally. It is therefore recommended that the motorist inquire locally before travelling roads over high passes or roads not appearing on the map. A price list of various other detailed maps may be obtained from the Vermont Department of Highways, Montpelier, Vermont, 05602.
