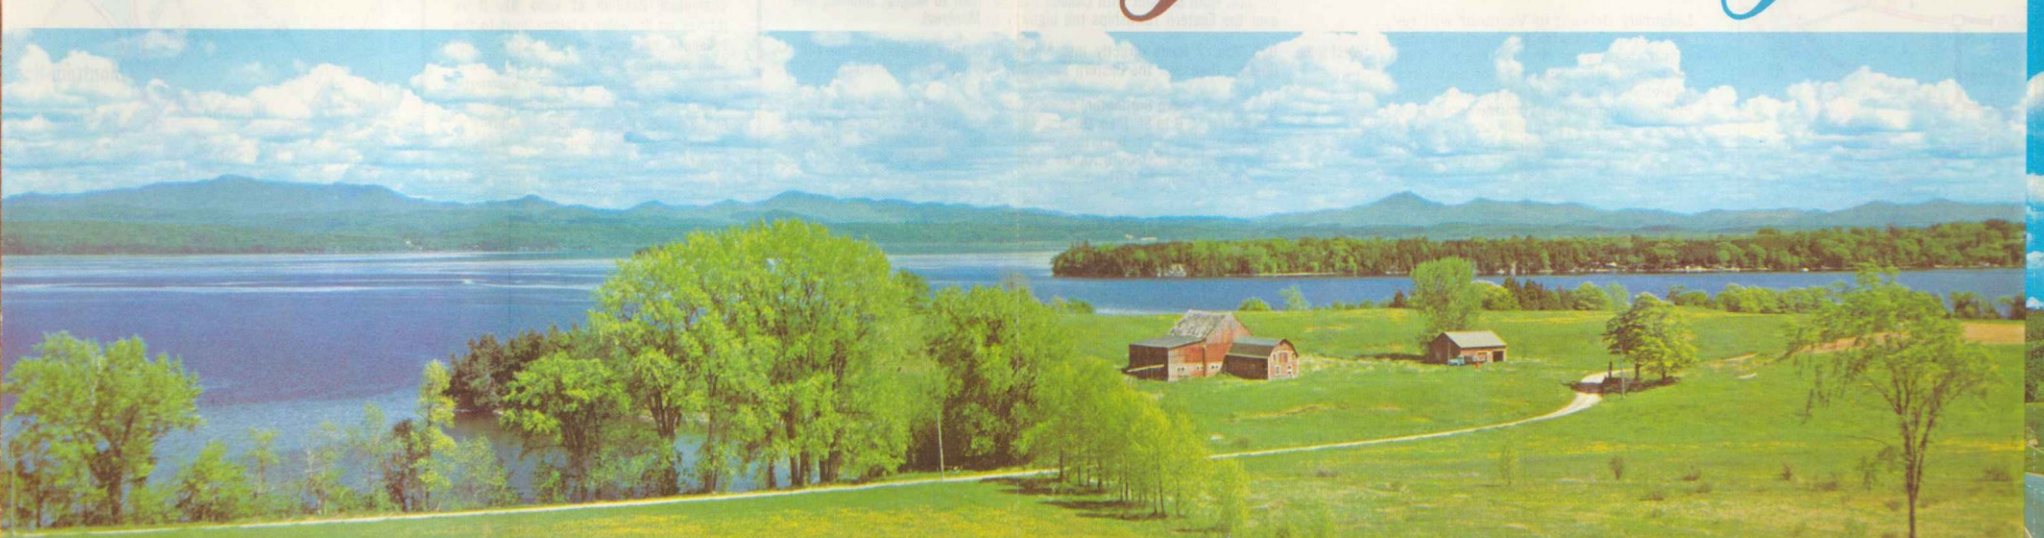
# The Beckoning Country



The most exciting thing about a visit or a vacation in Vermont is the thrill of discovery, from moment to moment, at every bend of every highway and byway.

Vermont beckons to visitors for many of the same reasons that it does to people who come here to live. The state's breathtaking natural beauty, easy-going atmosphere, the congeniality of its people and the limitless opportunities for recreation and relaxation appeal equally to vacationer and Vermonter alike.

Here is a land of majestic mountain ranges and deep river valleys, quiet lakes and rushing mountain streams. Here is a land rich in contrast, where the new and the old, the modern and the traditional can be found side by side in a comfortable blending that appeals to people of all ages.

Another wonderful thing about Vermont is that it's so accessible. Modern highway systems have brought her borders within easy reach of anyone traveling by car. Once here, the State highway system, including such four-lane arteries as Interstates 89 and 91, moves traffic effortlessly from one end of the State to the other.

By contrast, Vermont's excellent network of well maintained secondary roads and back-country byways allows the unhurried traveler to explore the quiet countryside at his own pace, in his own way.

When is the best time to come to Vermont? Here again, the exciting contrast that *is* Vermont manifests itself in the beauty of the changing seasons, making the choice a challenging one. Each of the four seasons offer something uniquely different for the individual taste.

Spring comes gently but persistently to Vermont. Nature, impatient with the long winter, paints the mountains and valleys with subtle green pastels in striking contrast to the deep, verdant tones of the perennials. The countryside is reborn and rejuvenated in a few short weeks making the thrill of discovering Vermont at this time of year a truly unique experience.

A Vermont summer is a time of limitless activity or quiet relaxation and the choice is yours to make. During this time of year, the greatest number of people with the widest range of interests discover or rediscover Vermont for the many enjoyable pastimes it has to offer. The State's great forest areas, lofty mountains, meandering river valleys, hundreds of lakes and mountain streams offer unbounded opportunities for family enjoyment.

Autumn in Vermont bursts on the scene in a brilliant tone poem of color that has made it world famous. The vivid reds, golds, and oranges of maple and birch contrasted with the deep, rich tones of the evergreens combine to create a color panorama to dazzle the eye and challenge the camera's lens and the artist's brush. The curtain rises on Vermont's color spectacular about the middle of September and closes with a flourish in mid-October.

Winter transforms Vermont into a spectacular playground for the snow-time, winter sports vacationer and skiing is king! The state's formidable slopes, perennially great snowfall and the widest range of excellent facilities in the entire United States attract skiers of all abilities — beginner to expert — from throughout the world. Both skiers and non-skiers alike are enchanted by the breathtaking beauty of Vermont's snowscapes and the old-time, Christmas card charm of her towns and villages.

These are a few of the things which may attract you to Vermont . . . but only a very few. There are so many others that you will want to discover for yourself. Whatever the season you come . . . whatever your reason for coming . . . a genuinely warm welcome awaits you in Vermont, the Beckoning Country.
