Vermont is well-known for its scenic countryside and friendly people. Known as the Green Mountain State, Vermont's rolling hills have a comfortable, relaxed appearance which change to reflect each season. Summer months find a carpet of green foliage covering the hills, while the cool days of fall change leaves to brilliant hues of red, orange and yellow. Winter brings its annual layer of white snow which covers the state in a new season of growth. Whatever your favorite season, Vermont's clear lakes, white-stepped villages and rolling hills provide the ideal setting for countless hours of relaxation and fun for residents and visitors alike.

Vermont holds a very special charm for many people, perhaps because it is one of the smallest and least populous states, and yet it is so near North America's cities. Visitors actually claim they can feel the difference as they enter Vermont, whose visual beauty has been protected in part by forward-thinking environmental laws designed to preserve the state's scenic countryside. It is here you'll find a special quality in a friendly land, with friendly people willing to share experiences, provide vacation memories and create a desire to return again.

## Beverage Container Deposit Law

In 1973, Vermont enacted legislation against throwaway beer and soda containers. The law mandates a minimum 5-cent deposit on every beer and soda can or bottle sold in the state. There's a deposit on all bottles sold in Vermont whether or not labeled, while all cans must be labeled on the top lid. This legislation has been overwhelmingly successful and recycling litter has been dramatically reduced. Visitors are reminded: you are entitled this refund upon redemption of your beverage container. Thank you for your cooperation.
